DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sivon Kalminov on 19 January 2006.

The application has been amended as follows:

2. In the Claims

Claim 1, line 3, after "and" delete "the"

Claim 1, line 5, [first word] delete "the"; insert "a"

Claim 1, line 7, [first word] delete "the"; insert "a"

Claim 1, line 9, [first word] delete "the"; insert "a"

Claim 6, line 2, delete "perform"; insert "performing"

Claim 6, line 5, after "corresponding to an" insert "other"

Claim 10, line 5, after "corresponding to" delete "the"; insert "a"

Claim 10, line 6, after "and" delete "the"; insert "an"

Reasons For Allowance

3. Claims 1-10 are allowed.
4. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claim 1 is the inclusion of the method steps being a correction step of

Art Unit: 2853

correcting record data of said the other image so that a predetermined recording property of said the other image is varied, according to the obtained information and a recording step of recording the positional information image and said the other image corrected, by applying a visible recording material on the recording medium. It is these steps found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claim 6 is the inclusion of the limitations being for a recording apparatus including a correction means for correcting record data for recording said the other image according to the information obtained by the acquisition means, wherein the recording apparatus records the positional image and said the other image corrected by the correction means, by applying a visible recording material on one recording medium. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claim 10 is the inclusion of the limitations being for a recoding apparatus including a recording means for performing recording by applying a visible recording material onto the recording medium, the recording means recording at least one of a positional information image representing positional information corresponding to the position where the positional information image is recorded and the other image; and a correction means for correcting record data for recording said the other image, according to record data for recording the positional information image. It is these limitations found in each
